Examiners Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mathew Anderson registration no. 39,093, on August 06 2007 to clearly point out claimed limitations.

The proposed amendment dated 08/06/07 has been accepted and adopted by the Examiner-see attachment herein.

The application has been amended as follows:

IN THE CLAIMS

2. Please amend 1 – 4, 9 – 15 and 16 – 18 as attached hereto see pages (5 – 9).

See attached document as proposed by Applicant to amend claims

Reason for Allowance

3. With regards to Applicants response dated 4/30/2007, Examiner has reviewed and considered Applicant's amendment and comments as disclosed on pages 8 – 10 of Applicant's response and current amendments of 08/06/07 and based on Applicant's arguments and amendments, Examiner is hereby placing claims 1 – 22 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

"... providing a verified program code having a plurality of verified program components and a modified program code having a plurality of modified program components, wherein at least one of the modified program components is defective, causing the modified program code to be defective.... creating a test program code corresponding to the second program code, wherein one of the modified program components is replaced with a corresponding one of the verified program components to determine if the replaced modified program component is defective", as best illustrated by Figure 3, and in such a manner as recited in claims 1, 9 and 16.

Therefore, claims 1 – 22 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
